CHIEF EXECUTIVE OFFICER DAVID W. MILES PRESENTS AT
2011 ASSOCIATION OF GOVERNING BOARDS NATIONAL CONFERENCE:
RESPONDING TO TODAY'S CHALLENGES: IS GOVERNANCE UP TO THE TASK?

LOS ANGELES – Miles Capital Chief Executive Officer, David W. Miles, is a passionate supporter of higher education. He was appointed to the Iowa Board of Regents in 2007, and is currently serving his second term as president of the Board. Prior to his appointment, David was a member of the Board of Trustees of Drake University for eleven years, where he served three years as chair.

The Association of Governing Boards of Universities and Colleges asked David Miles to present in a plenary session at the 2011 National Conference entitled, "Responding to Today's Challenges: Is Governance up to the Task?" The panel discussed issues facing today's governing boards, including state disinvestment, access, diversity, student retention and completion, education quality, relevance, and research in the current economy. Members voiced their thoughts on whether higher education can still serve the nation's goals and how trustees can be of the most value.

David was joined on the panel by Ray Suarez, Senior Correspondent for NewsHour, Nancy Cantor, Chancellor and President of Syracuse University, Muriel Howard, President of the American Association of State Colleges and universities, Suzanne Woolsey, Director of Fluor Corporation and a trustee of the California Institute of Technology, and Mark Yudof, President of the University of California.

An article summarizing the panel discussion will appear in the July issue of Trusteeship magazine, a bimonthly periodical for AGB members.
